Holiday Card Lithograph

Poor Mickey Mouse! When confronted by a boisterous brigade of pillow fighting, paint smearing, bed bouncing, pup chasing progeny, what defense does he have? He wakes up, of course, for it has all been a dream...or more precisely, **Mickey's Nightmare**. After saying his prayers and peacefully drifting off, Mickey's subconscious concocts a seemingly sweet scenario in which he and lovely Minnie Mouse tie the proverbial knot. As the film's score suggests, their honeymoon cottage is at first the idyll of *My Blue Heaven*, but as that song's lyrics invite "baby" to "make three," a stampede of storks arrive, complete with cargo! Mickey's Nightmare premiered on August 13, 1932. It was directed by Burt Gillett, and featured animation by Disney Legend David Hand, who would animate on and direct some 70 shorts during his Disney career, as well as serve as Supervising Director for **Snow White and the Seven Dwarfs**. In future pictures, Mickey would again "play papa" to prankish orphans and unruly nephews, but his **Nightmare** experience, he was always awake...and

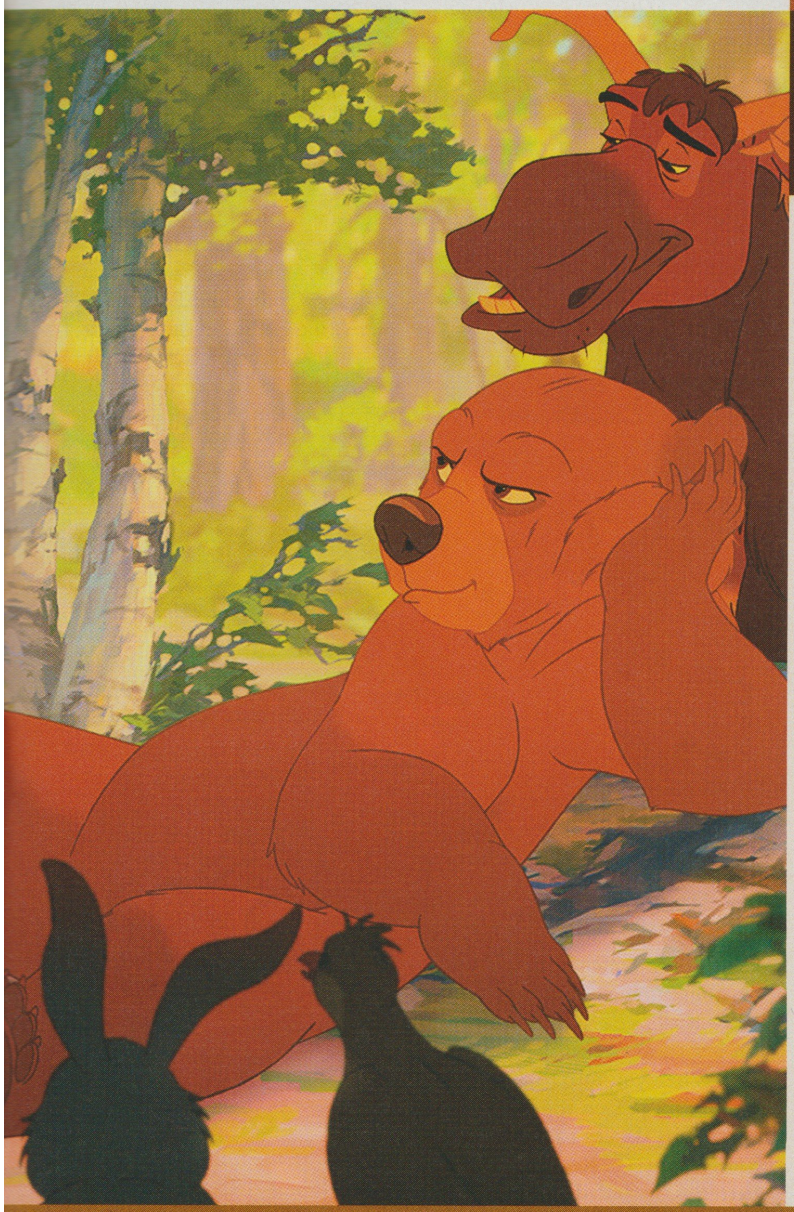
Walt Disney Pictures Presents

BROTHER BEAR



Set against the majestic natural splendor of the Great American Northwest, *Brother Bear* tells the story of Kenai whose life takes an unexpected turn when the Great Spirits transform him into a bear – the creature he hates most.

Befriended by a bear cub named Koda, an adorable, talkative and sometimes pesky companion, Kenai sets out to regain his human form while his brother – unaware that Kenai is now a bear – pursues him on a mission of revenge and family honor.

With breathtaking animation, powerful emotion and humor, the voice talents of Joaquin Phoenix, Jeremy Suarez, Jason Raize, Rick Moranis, Dave Thomas and D.B. Sweeney, *Brother Bear* introduces a memorable cast of characters and paints an unforgettable tale of courage, honor and self-discovery. The film also features five new songs from Academy Award®-winner Phil Collins, including a powerful rendition of the Collins-composed theme *"Great Spirits"* performed by the legendary Tina Turner.

Koda & Kenai

Koda is an irrepressible bear cub who jabbers a mile a minute and never sits still. Kenai is transformed into a bear by the Great Spirits and must make a journey to "where the lights touch the earth" to regain his human form.

Rutt and Tuke are arguably the most dim-witted and funniest brothers in the whole Northern Territory. Lazily spending their days eating, sleeping, and one-upping each other, these two moose are among the first talking animals Kenai encounters as a bear.
